

## EPIC Award for Excellence

This bi-annual scholarship is awarded to two students each term (fall and winter) who are registered in the Technical Exams Preparation Program. One \$500 scholarship will be awarded to a student who passes two licensing exams in one term with the highest average mark and the second \$500 scholarship will be awarded to a student who completes a licensing exam and achieves the highest mark in any one course.

### Eligibility

1. In order to be eligible for either of the scholarships, the student must be a resident of Canada and have paid to EPIC the full course fee.
2. The student must have 100% attendance in their course(s) at EPIC and complete the corresponding provincial licensing exam(s) conducted by their provincial professional engineering association (APEGBC, APEGGA, APEGS, APEGM, PEO, IOQ, APEGNB, APENS, PEGNL, APEPEI, NAPEG or APEY).
3. **Average mark in two courses:** The student must enroll at EPIC in at least two technical exam preparation courses, write the corresponding provincial licensing exam(s) for those two courses, and submit to EPIC their exam results within a month after the results become available.
4. **Highest mark in one course:** The student must enroll at EPIC in at least one exam preparation course, write the corresponding provincial licensing exam, and submit to EPIC their exam result within a month after results become available.
5. EPIC's decision about the awards will be final.
6. EPIC reserves the right to discontinue the scholarship program at any time.
